

Model 190 Indicators

The Model 190 is flush style. Light sources may be either incandescent or LED. Bi-pin terminals are standard. Wire leads are available as an option. LED versions are available in 6,12 or 28VDC on special order. Clips (CLH-C) and sockets (CLH-A) are available. These can also be used with similar types of cartridge lamps from other manufacturers.

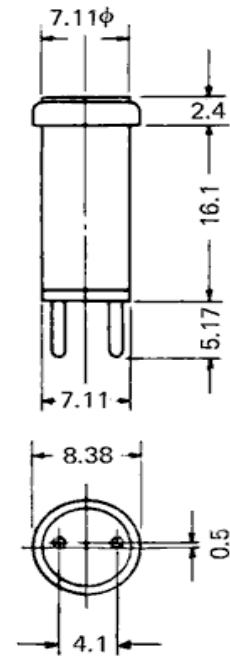

Model 190

Light Sources
